VAT No.:

Delivery Address:

Billing Address (if different)

Repair costs will be communicated after inspection by Ammonit/the manufacturer via an official cost estimate.

Freight and any applicable customs documentation charges will be invoiced.

We can dispose of irreparable devices free of charge.

If you require any irreparable device to be returned, please note this in the RMA and/or inform [repair@ammonit.com](mailto:repair@ammonit.com) before the final invoice is issued.

Data loggers only: if inspection shows that a data logger cannot be repaired, an inspection fee of 100€ per unit will be charged.
